HEAVY DUTY EXTRA

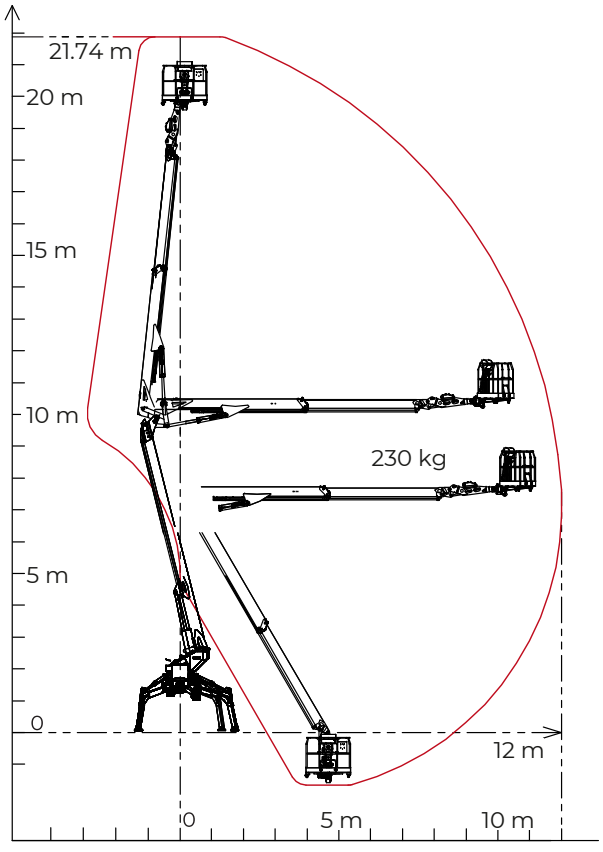

TECHNICAL SHEET

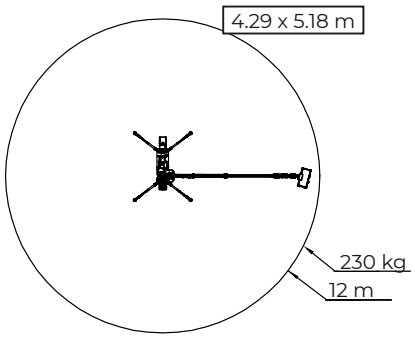

PERFORMANCE AND DIMENSIONS

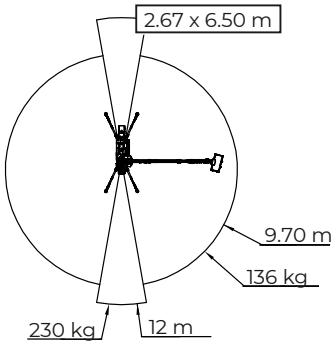

Main Features

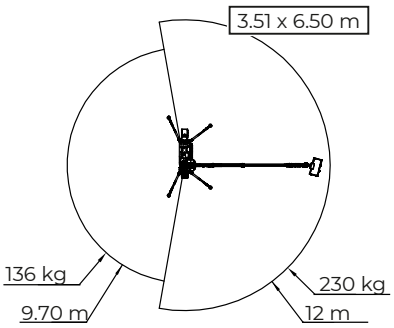

CMC S22 Heavy Duty Extra is the newest addition to CMC's double telescopic range, bringing a new size class of MEWP with performance that outclasses the competition. Its standout feature is the new jib group, which rotates from -90° to +87°: combined with the double telescopic booms, it delivers exceptional reach and positioning flexibility. The geometric outreach provides a 230 kg capacity and lets operators work safely in narrow areas.

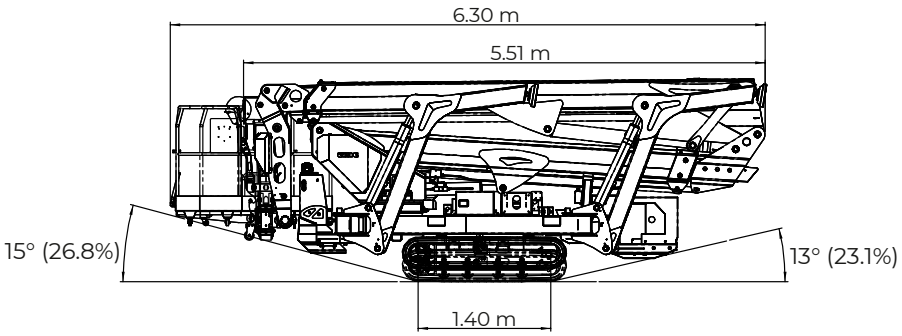

Max. working height	**21.74 m**
Max. outreach with 230 kg	**12 m**
Platform height	**19.76 m**
Max. load in basket	**230 kg**
